Portfolio

SKILLS

- Typescript, JavaScript (ES2015–2019)
- React, Redux, Zustand
- HTML5, CSS3, Sass (SCSS), BEM
- Node.js, Express
- SQL, PostgreSQL, MongoDB
- Git/GitHub, VS Code
- Chrome Developer Tools (incl. React),
- NPM, Webpack
- 100+ solved algorithmic tasks.
- OOP understanding
- Polish (native)
- English (C1)

EDUCATION

Cosinus Technical School
Lodz, PL
vocational diploma: Information technology technician 351203
2021 - 2023

General Secondary School of Music
Lodz, PL
professional title: instrumental musician
1997 - 2001

ABOUT ME

Driven **Full-Stack Developer with a passion** for crafting seamless digital experiences. Proficient in translating Figma designs into pixel-perfect web pages using **HTML5, CSS3, and SASS**. Embraced the power of **JavaScript** and **TypeScript**, expanding my capabilities to develop dynamic and responsive web applications, particularly enjoying the versatility of **ReactJS** and its ecosystem, including **Redux**. With a solid foundation in **SQL** and **Node.js**, I excel in building backend systems to complement front-end functionality. My journey as a developer is enriched by my background as a professional musician. Years of honing my craft have instilled in me a keen **sense of creativity, attention to detail, and discipline**—all of which seamlessly translate into my development work. I understand the importance of harmony, rhythm, and composition—traits that I bring to my coding practice, ensuring elegant solutions that resonate with users. My diverse experiences enable me to approach challenges from multiple perspectives, fostering innovation and **out-of-the-box problem-solving**. Passionate about leveraging technology to create meaningful experiences, I am committed to continuous learning and growth in the ever-evolving landscape of web development.

EXPERIENCE

Full-stack Developer Volunteer — 2024 – Present

NGO - Fundacja Na Rzecz Pomocy Chorym Na Białaczki

- Working on the "Hematorun" React application, which contains information about the race, a photo gallery, allows participants to register for the race, process payment for the participation package, and track their results.
- Implementing the front end of the application according to Figma design (React, Zustand, Formik, CSS Modules).
- Implementing reusable React components.
- Implementing the back end of the application according to the guidelines (Node.js, Express, MongoDB).

Dev version of the application

Full-stack Developer Intern — 2023 – Present

Mate Academy

- Implementing React applications with reusable code using JSX, hooks, React-router, Redux, ClassNames and functional components.
- Creating pixel-perfect, responsive landing pages based on Figma using HTML, CSS, SASS.
- Used version control system (Git) to manage code and collaborate with other developers.
- Designing and developing servers and APIs with Node.js and Express.
- Designing SQL databases.

I agree to the processing of personal data provided in this document for realising the recruitment process pursuant to the Personal Data Protection Act of 10 May 2018 (Journal of Laws 2018, item 1000) and in agreement with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).'

Freelance Saxophone Player 2001 – Present

Self Employed

- Worked with Polish bands, musicians, singers and actors.
- Musical setting for corporate events (solo and as a band member)
- Playing saxophone live acts with DJs all over Europe.

I agree to the processing of personal data provided in this document for realising the recruitment process pursuant to the Personal Data Protection Act of 10 May 2018 (Journal of Laws 2018, item 1000) and in agreement with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).'
